To Whom It May Concern:

I would like to take this opportunity to commend you on your efforts you have consistently provided to ensure safety, reliability and quality to consumer products. I am sure millions join me in thanking you for the peace of mind you offer to consumers in maintaining such high standards.

I have also found the requirement of products providing nutritional information most useful in assisting in my choice of products. I recommend that applicable products also include information regarding caffeine content. For example, coffee can, tea bag, soft drink, etc. labels.

By using the address listed below, please advise of the possibility to implement this as required information to be disclosed.

Thank you for your attention and consideration to this matter.

Sincerely,

Susan Farinacci
